 - Flat-Screen Television
 - Hide-a-bed sofa for family
 - Private restrooms
- Connected to surgery if Cesarean delivery is needed
- Triage Room
- Postpartum Room
- Secure, monitored, and locked Nursery

Partnerships

BCHC works closely with high-risk facilities, including Methodist Women's Hospital and Children's Hospital in Omaha. Methodist Women's Perinatologist reads all of our ultrasounds.

Part of our team of experts—Dr. Tami Dodds, Dr. Joel Travis, Maria Kinney, RN, and Angie Schalk, RN—are trusted leaders in obstetric care, traveling statewide to train other doctors and staff in Advanced Life Support in Obstetrics (ALSO). By sharing their expertise in managing delivery complications, they set the standard for exceptional care, so when you choose us, you're choosing the best.
